TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pembroke in the County of Merrimack in said State, qualified to vote in town affairs:

(L. S.)

You are hereby notified to meet at the Town Hall in said Pembroke on Tuesday, the eighth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To hear and act upon the report of the town budget committee.
3. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.
4. To see what action the town will take relative to the bridge across the Suncook River near the new state road.
5. To see if the town will choose a committee of three to act with the selectmen at the hearing before the Public Service Commission for the discontinuance of the electric road between Concord and Manchester and, in case of its discontinuance, to ask the Commission to order the railroad to remove the rails and ties from the town highway.
6. To see if the town will vote to instruct and authorize the board of selectmen to make such arrangements at once as are compulsory by the U. S. Post Office Department to establish a village mail delivery, to then make formal request on said department for this delivery, and to give special

attention at all times to any matter concerning this service to insure its establishment and continuance.

7. To see if the town will vote to accept the roadway leading from Pembroke Street to Broadway, the so-called Noyes Road.

8. To see if the town will vote to install and maintain an electric street light on High Street south of and near to Lindy Street.

9. To see if the town will vote to confirm the action of its trustees of trust funds in accepting the following named funds, in trust, the income to be used for the perpetual care of designated burial lots:

(1) Gift of one hundred and fifty dollars from Louise H. Evans for the Freeman W. Haynes lot in Buck Street Cemetery.

(2) Gift of Lovina S. Pettengill of one hundred dollars for the David S. Batchelder lot in the Buck Street Cemetery.

10. To see what sum of money the town will vote to raise and appropriate for building new sidewalk, the abutters to pay half the expenses.

11. To see if the town will raise and appropriate the sum of twenty-five dollars to help in the care and upkeep of Pembroke Park for the ensuing year.

12. To see what sum of money the town will vote to raise and appropriate for books and running expenses of Pembroke Library.

13. To see if the town will vote to install and maintain street lights along the new highway from the town line, on the bridge over the Suncook River, to the junction of the old highway, at Mr. Ritchotte's home.

14. To see if the town will vote to change the voting place, now at Pembroke Town Hall, to a suitable place in the village.

15. To see if the town will vote to hold all elections in the new Pembroke Fire Station, commencing with the next election.

16. To see if the town will raise and appropriate the sum of seventy-five dollars for the observance of Old Home Day.

17. To see if the town will vote in favor of making the front wall of the Pembroke Street Cemetery straight with the southern part thereof, and the laying out of the unoccupied portion of said Cemetery into lots to be sold for burial purposes.

18. To hear the reports of auditors, agents, and committees, or officers heretofore chosen and pass any vote relating thereto.

19. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and thirty-two.

JOHN O. BELLEROSE,
JOSEPH H. ROBINSON,
Selectmen of Pembroke.

REPORT OF SCHOOL BOARD

We present herewith as a part of our report, the detailed reports of the Treasurer, Superintendent, Music Teacher, and the School Nurse. A careful perusal of these several reports will give a splendid idea of the workings of our town school system. There has been a very fine spirit of co-operation shown us by the superintendent, teachers and parents, and we feel that our schools are being kept up to the standard required by the State Department.

The buildings and other school property are being kept in good condition and we have not had to make many repairs this year. The outside woodwork of the grammar school building was painted and the old grammar school building was shingled. This building seems to be in good shape and has justified the expense of fitting it up into a gymnasium, for during the winter months it is in almost constant use by our boys and girls. Shower baths have been installed this year without any expense to the district at a cost of over two hundred dollars and adds very much to the equipment of the building. A small beginning has been made in establishing a Domestic Science department in the village school. Miss Alberta Smith, a graduate of the Keene Normal school, was engaged to act as a teacher and instructor in this new work, and she already has made a beginning which we hope to enlarge and improve on as fast as conditions warrant.

The work in the manual training department was continued, and Mr. Norman Collishaw of Exeter, N. H., was secured for this position.

We are pleased to report that we shall be able to reduce the amount of money asked for in our budget for the coming year, by a substantial amount, without any detriment to the school work. All necessary supplies have been furnished during the year, and the cost per pupil for the Super-

visory Union of which Pembroke is a member, is only ninety-eight cents—the lowest cost per pupil of any Supervisory Union in the state.

The transportation of pupils from the North Pembroke and Brickett school has been continued this year, and the closing of these two schools has resulted in a considerable savings to the district. Last fall Mr. Hartford purchased a new school bus, which is giving good satisfaction.

We are always glad to receive helpful suggestions, and constructive criticism to the end that our schools may give to every pupil the best possible instruction and help to make them good, useful citizens in the community.

Respectfully submitted,

HENRY P. COFRAN,
FRED W. SALTMARSH,
FOSTER G. WARREN,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

I herewith submit my nineteenth annual report of the schools of Pembroke, for the year ending June 30, 1931.

There were maintained during the year, seven schools, for a school year of 37 weeks, with no change in the teaching force.

The school enrollment was 217, with a daily average attendance of 95.85 per cent.

The schools were in session on an average of 358 half days.

HEALTH

Hygiene, sanitation and physiology are taught in all our schools with emphasis placed upon pure foods, pure water, need of ventilation, and the evil effects of alcohol, nicotine and narcotics.

Health inspection of the school children by our school nurse covers all contagious and infectious diseases and most of the bodily defects, seeking to equip our pupils with good physical development and vigorous health. The school nurse, Miss Douillette, by her fidelity and industry, has succeeded in having many defects remedied and has had the hearty co-operation of parents, physicians and surgeons.

CHILD TRAINING

The principal training-ground for the child's mind is the home and the school. History, pointing out that our present civilization has developed as a result of conflict and strife, shows that the problems and difficulties overcome by the child at home and at school, determine his behaviour, ambitions, and in fact the whole course of his existence.

As in childhood the teeth and gums need hard food to chew and the muscles need resistance to work against, so

the child's mind needs worthy problems and difficulties to contend with and conquer, both for his present happiness and future welfare.

Parent and teacher should realize that it is the duty of the child to do the work, and their duty to direct how the work is to be done without waste of time and energy. The early New England home in which each member of the family had its daily tasks to perform, is a valuable lesson for modern parents to learn and to heed.

The advice of a few educators,—(only a few), to assign only agreeable work to the child, is unwise and fallacious. The greatest happiness and success in life comes from the accomplishment of worthy deeds; as one noted educator said—"in getting the thing done." Unless the individual, through his own thought-process, gains knowledge, can he hope that this knowledge will serve him in his time of need.

SCHOOL CONDITIONS

The work in our schools is being well done. The teachers are industrious and are carrying out the state program of study with a well-planned daily time-table and are supervising the conduct of the pupils on the playgrounds.

The few disciplinary troubles, chiefly caused by the lack of home training and parental government, make the duty of the teacher more difficult, the school life of the pupil less pleasant and his work less efficient.

The work in music and manual training was conducted successfully.

The school board is deeply interested in the welfare of the pupils and is furnishing every means in its power for good schools. It is actively co-operating with the teachers and superintendent that the pupil may have such an education as will prepare him for complete living.

Parents and citizens are invited to visit the schools frequently and parents are asked to examine carefully the report cards sent to them for their signatures. These cards are to inform the parent of the work done by the pupil, and

of his conduct; teachers will gladly explain any report not understood.

In conclusion I express my appreciation for the co-operation and assistance given to me by the teachers, the school board and the citizens.

Respectfully submitted,

HENRY S. ROBERTS,
Superintendent.

REPORT OF THE SUPERVISOR OF MUSIC

Another year brings new opportunities for service in our line of teaching and never has there been so many openings for service,— for music has taken its place in the program as an educational factor. A child may now lay the foundation for a musical career in our public schools. With the opening of Pembroke Hill School we had an opportunity to organize a rhythm band, which the children not only enjoy but through it, they are led to realize and feel music as something through which they can express themselves.

Beautifully illustrated books, providing the best types of music, as well as an outline of musical history, have been added to our equipment.

To the superintendent and teachers who so efficiently co-operate, I extend thanks.

Respectfully submitted,

KATE L. SMITH.
